

Information Technology Intern

Come and join ExxonMobil IT Department for a world of opportunities...

ExxonMobil is a dynamic, exciting place to work. We hire exceptional people, and every one of them is empowered to think independently, take initiative and be innovative. We invite you to explore the world of opportunities waiting for you.

ExxonMobil Corporation is a global energy and petrochemical company active on 6 continents with headquarters in the United States. ExxonMobil can be rated among the most successful and financially strongest companies in the world, having world famous brands like Esso or Mobil1.

ExxonMobil has established 10 Business Support Centers globally, two of them in Europe. One of them is in Budapest since 2004, currently with approximately 1,400 employees. The IT department is one of its main, global functions with around 400 people. The department is looking for dedicated, competent and skilled internship candidates who enjoy a dynamic work environment with many challenges, and who want to position themselves for a long-term career with a well-established and financially strong international company.
