| Cyber-physical Systems Institute | | | Semester 5. of the curriculum 2025-26-1 | | | |
| Name of the subject: | Code of the subject: | Credits: | Weekly hours: | | | |
| | | | | lec | sem | lab |
| Network Technologies II. | NIXHT2CBNE | 5 | full-time | 2 | 0 | 2 |
| Responsible person for the subject: Prof. Dr. Miklós Kozlovsky | | | Classification: professor | | | |
| Subject lecturer(s): Balázné Dr. Kail Eszter, Zaletnyik Péter | | | | | | |
| Prerequisites: | NIXHT1CBNE | Network Technologies I. | | | | |
| Way of the assessment: | exam | | | | | |
| Course description | | | | | | |
| Goal: | To obtain deeper insight into LAN and WAN technologies, advanced switching and routing to plan, configure, manage and troubleshoot small-to-medium size networks and to implement basic security considerations. | | | | | |
| Course description: | The curriculum introduces LAN design concepts and network scaling possibilities. The course familiarizes the advanced distance-vector and link-state routing concepts (multi-area OSPF, EIGRP) and redistribution between them. It also introduces WAN technologies. The course materials also contain the quality requirements of the transmission and Quality of Service (QoS) basics, troubleshooting concepts, basic security features. Students are also introduced to network management tools | | | | | |

| | |
|---|---|
| Lecture schedule | |
| Education week | Topic |
| 1. | Revision |
| 2. | Redundancy I. |
| 3. | Redundancy II. |
| 4. | Advanced routing I. – OSPF |
| 5. | Advanced routing II. – multi-area OSPF |
| 6. | Advanced routing III. - EIGRP |
| 7. | Redistribution |
| 8. | Network Address Translation |
| 9. | Network monitoring |
| 10. | WAN |
| 11. | Holiday |
| 12. | QoS |
| 13. | Test – Lab exam |
| 14. | Retake test |
| Mid-term requirements | |
| Conditions for obtaining a mid-term grade/signature | Participation at the lessons is mandatory. A successful test is mandatory to acquire the signature. |
| Assessment schedule | |
| Education week | Topic |
| | |

| Method used to calculate the <i>mid-term grade</i> (to be filled out only for subjects with mid-term grades) | | | | | | | | | | | | | |
|--|---|-----------------|-------|------------|---------------|----------|----------|----------|------------------|-----------|----------|----------|------------|
| Test result needs to exceed 51%. | | | | | | | | | | | | | |
| Type of the replacement | | | | | | | | | | | | | |
| Type of the replacement of written test/mid-term grade/signature | In the case if the mid-term test does not reach 50%, the student can replace the test in the form of re-take test in the 14th week. Replacement of the mid-term mark: once in the first 10 working days of the examination period. | | | | | | | | | | | | |
| Type of the exam (to be filled out only for subjects with exams) | | | | | | | | | | | | | |
| Lab exam and oral exam. | | | | | | | | | | | | | |
| Calculation of the exam mark (to be filled only for subjects with exams) | | | | | | | | | | | | | |
| The final grade is the average value of the Lab exam and the oral exam grades. Students must successfully complete both the oral exam and the laboratory exam. | | | | | | | | | | | | | |
| Final grade calculation methods: | | | | | | | | | | | | | |
| The final grade will be calculated using the following scale: | | | | | | | | | | | | | |
| | <table border="1"> <thead> <tr> <th>Achieved result</th> <th>Grade</th> </tr> </thead> <tbody> <tr> <td>87% - 100%</td> <td>excellent (5)</td> </tr> <tr> <td>75%- 86%</td> <td>good (4)</td> </tr> <tr> <td>64% -74%</td> <td>satisfactory (3)</td> </tr> <tr> <td>51% - 63%</td> <td>pass (2)</td> </tr> <tr> <td>0 - 50 %</td> <td>failed (1)</td> </tr> </tbody> </table> | Achieved result | Grade | 87% - 100% | excellent (5) | 75%- 86% | good (4) | 64% -74% | satisfactory (3) | 51% - 63% | pass (2) | 0 - 50 % | failed (1) |
| Achieved result | Grade | | | | | | | | | | | | |
| 87% - 100% | excellent (5) | | | | | | | | | | | | |
| 75%- 86% | good (4) | | | | | | | | | | | | |
| 64% -74% | satisfactory (3) | | | | | | | | | | | | |
| 51% - 63% | pass (2) | | | | | | | | | | | | |
| 0 - 50 % | failed (1) | | | | | | | | | | | | |
