CAREERCHANCE

KNOWLEDGE IS KEY. FOR OUR TEAM AND FOR YOUR CAREER.

Rheinmetall develops innovative technologies and products and also advises and supports its employees and customers during the introduction of and training in new systems. This transfer of know-how has proven its worth and the Rheinmetall training department has already built up a long and successful history as a result.

YOUR CAREER CHANCE

For our team in Zalaegerszeg we are looking for Young Professionals (m/f/d) and Graduates (m/f/d) who want to be trained as multiplayers to become our new coaches and instructors for high end military vehicles and sub-components:

- **System Instructor LYNX** **HU00016**
- **System Instructor - Production Technology** **HU00018**
- **Admin Technical Publication** **HU00022**
- **Mechatronic Expert** **HU00017**

Would you like to learn how to create, prepare and conduct trainings together with subject matter experts in Hungary and worldwide? Let the training of other employees or customers become your priority and a steppingstone for your career.

Sounds interesting?
